

Custom Risk Solutions for Outdoor Recreation & Adventure Tourism

Let's be honest: insurance can be complicated. The ins and outs of margin clauses, co-insurance, valuations and deductibles aren't everyday conversation starters.

But if you're responsible for maintaining the financial integrity of your business, you need to make sure you get the right insurance coverage at the right price, so you receive the best protection and value for your insurance budget.

With decades of experience and specialized expertise, CapriCMW Risk Advisors work with many of the most respected names in Outdoor Recreation and Tourism throughout Western Canada.

We pride ourselves on our depth of knowledge in your industry in addition to being experts in insurance, group benefits and risk management. Partnering with Canada's leading insurers, our Risk Advisors draw from a broad array of products and services to help address the biggest concerns facing your business today.
